Why The Dental Plan?

According to a new Consumer Report National Research Center survey, the biggest reason for delaying dental care is cost.

- ✓ **43%** delayed care due to cost
- ✓ **23%** delayed care because insurance wouldn't cover the procedure
- ✓ **24%** delayed care because they already used up their yearly maximum insurance benefits

How Our Plan Works:

Member pays a procedural fee to the provider on the same day of service. These fees are discounted below usual and customary fees. Please refer to Member Treatment Plan Fees to USUAL CUSTOMARY FEES, which are the average cost a patient would expect to pay for a Procedure without belonging to **THE DENTAL PLAN.**

Dental procedures on the fee schedule are discounted 20%, excluding dental products & devices.
